

# Cynthia's Trinket Tray

Plan for Web Dev Spring 25

# Cynthia's Trinket Tray

A blog that takes the form of a virtual trinket tray: I can write about all my hobbies, likes, dislikes, and review my newest trinkets. Using the home screen as a bag with many items inside, I will make each item clickable and link to it's own webpage. The site will have images and doodles, and have a girly, childish vibe.

### All Trinkets

## A white, fluffy Miffy rabbit toy. It has large, upright ears, black dot eyes, and a small black 'x' for a mouth. It is sitting and facing left.

- Nav Bar
- Positioning
- Scale on hover
- Photo layout
- Fade on hover
- Other Transitions

# Skills Needed to Learn

- Fade Overlay with two images
- Moving Photos?
- Autoscroll
- Social Media Icons
- Animations (scroll button?)
- Embed content (spotify link, youtube video)
